FOOTBALL LEAGUE DIVISION ONE

BOLTON

TUESDAY, 26th DECEMBER, 1978 KICK-OFF 3.00 p.m.

Official Programme **15p**

John Neal Speaking

By now the Christmas festivities are well under way but for Footballers it means a job of work to be done, Christmas or not. At one time games took place on Christmas day which entailed many people being involved in preparation and travel to matches. Thankfully the Christmas Day fixtures have been discontinued. Nevertheless to prepare for today's game our players assembled yesterday evening to gather in a local hotel and I'm sure Ian Greaves would prepare his players in exactly the same manner. In welcoming Bolton today there is naturally a special 'Hello' for two Boro old boys, namely Stan Anderson and Jim Headridge.

Stan who was a former Boro Manager recently left his Managerial position at Doncaster to become Assistant Manager to Ian Greaves. I'm sure Stan will be delighted on his return to the First Division scene after his stint in the Fourth Division.

Jimmy Headridge of course was Physiotherapist for a period and left Ayresome Park to work in the Middle East. However after a brief spell in the United Emirates Jimmy returned to England to take over as Physio at Bolton.

We extend to them both a hearty welcome on their re-appearance at Ayresome Park. Since they won the Second Division last year after a series of near misses, Bolton have strengthened their team and have in their ranks reputed goalscorers like Frank Worthington and Alan Gowling both of whom will be treated with the greatest of respect today. Naturally I'm wanting two valuable points to ease our League position and with your help I'm confident the lads can rise to the occasion.

A LITTLE ABOUT THE MANAGER...

Ian Greaves

Mr. Greaves learned all about football as a Manchester United player. He went to Old Trafford in the early 'fifties' and won his League debut for them in 1954/55. Being a defender, he found he had a mammoth task on hand to displace internationals of the calibre of Roger Byrne, Duncan Edwards and Bill Foulkes so his first-team opportunities were rare.

The tragic Munich air crash of 1958 provided the unhappy opening for his breakthrough, though he would have wished for it to have occurred in different circumstances. But life has to go on and Ian Greaves established himself at left-back, playing in the 1958 F.A. Cup final against Bolton.

The following season he missed only eight games but, after finding himself back in reserve football in 1959/60, he moved to Second Division Lincoln City. Twelve months' later he joined Oldham where he spent the last couple of seasons of his League career.

He went into non-league football with Altrincham Town and joined Huddersfield as a coach in 1964.

He later took over as manager for six years until moving on to Bolton as assistant manager in 1974. When Jimmy Armfield left to take over at Leeds a few weeks later, Mr. Greaves succeeded him as Bolton's manager.

Pen Pics

PETER NICHOLSON (Defender). Signed for the Wanderers from Blackpool for a small fee prior to the 1971-72 season and has proved to be a fantastic bargain. He can play anywhere in defence and had a long spell at full back last season. Is also accomplished in midfield.

JIM McDONAGH (Goalkeeper). Jim joined the Wanderers two seasons ago on a month's loan from Rotherham United. Impressed and was signed for a £10,000 fee cover for Barry Siddall. He soon got promotion with the transfer of Siddall to Sunderland and has held the first team spot since. Stands six feet tall and matches his height with agility.

TERRY POOLE (Goalkeeper). Signed from Huddersfield Town two years ago for a £25,000 fee. Had still to make his first team debut at the start of the current season. Is a tall and very capable keeper.

DAVID BURKE (Defender). David emerged onto the first team scheme at the start of the current season. From Winsford, Cheshire he played in the pre-season games and then made his senior debut against Chelsea in the League Cup at the age of 18. Can play at full back or in midfield and looks to have an exciting future in the game.

TONY DUNNE (Full back). Eire international who played for most of his career with Manchester United. Was a member of the United European Cup winning side and since coming to Bolton has proved to be a firm favourite with the fans.

WILLIE MORGAN (Winger). Started his career with Burnley then moved to Manchester United for a big fee. Returned to Burnley and was signed by the Wanderers three seasons ago on a free transfer. A Scottish international. Willie spent last summer playing in American Football.

GARRY JONES (Striker). Born in Manchester, Garry is a strong running attacking player. He can put pressure on defenders and is very quick in the penalty area. Played in America during the summer.

BRIAN SMITH (Midfield). Born in Walkden, near Manchester, Brian is a small but very active player who has impressed when used in midfield. His chances in the first team have been limited. Had a spell in American Soccer last summer.

CHRIS THOMPSON (Striker). A speedy skillful attacker who has made his debut for the Wanderers. Signed as a schoolboy, then became an apprentice and went on to sign full professional forms in July, 1977. Has represented England at youth level several times.

ROY GREAVES (Midfield). Long serving player who has been rewarded with a testimonial for his supreme service to the club. Born in Farnworth, near Bolton, he is a non-stop worker who likes to be involved all the time.

PAUL JONES (Defender). Paul is a tall, quick-tackling defender who has been a member of the under-23 and full England squads. He is a commanding player in the air as well as on the ground and seems destined for further honours. He is a central defender who had a spell at full back last season.

SAM ALLARDYCE (Defender). A central defender born in the Midlands, Sam joined the Wanderers from school and since coming into the side in 1975 has held down a regular place. Is very dangerous when moving forward for free kicks and corners and has scored with some very spectacular headers.

MIKE WALSH (Defender). Manchester-born Mike joined the Wanderers from school. He earned a regular place in the side after being groomed for a couple of seasons and is equally proficient in the middle of the defence, at left back, or in midfield.

Neil WHATMORE (Winger). Strong attacker with a flair for scoring goals. Two seasons ago he was the top Second Division scorer with 31 goals from League and cup games. Last season he scored 22 goals to play his part in the side winning the championship.

PETER REID (Midfield). A youngster who joined Bolton from school on Merseyside. Peter has been a regular member of the England Under-21 side and skippered them last season. He is a constructive player who reads the game well and is a fine passer of the ball.

RAY TRAIN (Midfield). Signed for the Wanderers before the transfer deadline two seasons ago for a £30,000 fee from Sunderland. Has a terrier-like tackle and is always in the thick of the midfield action.

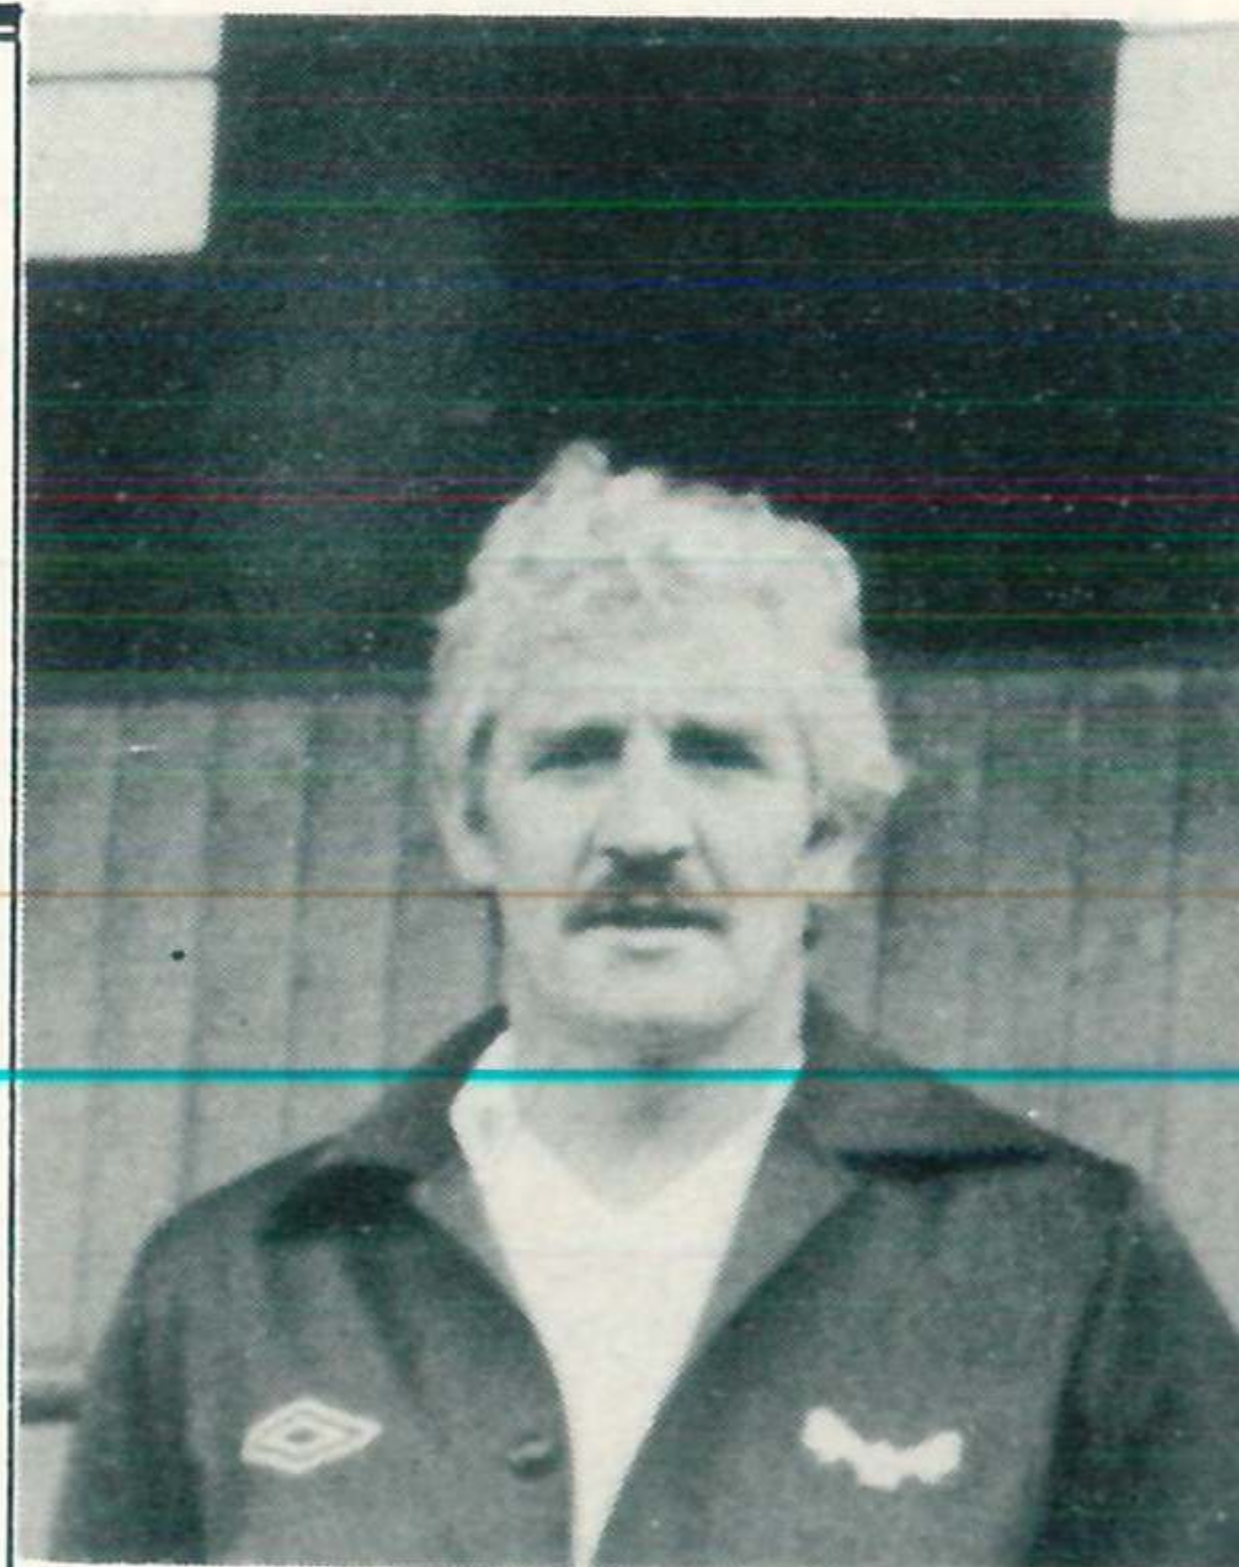

FRANK WORTHINGTON (Striker). Had a spell on loan with the Wanderers, then signed for a £90,000 fee from Leicester City in October, 1977. Started at Huddersfield, Frank is an England International with a great deal of skill. Scored some vital goals for the Wanderers last season.

ALAN GOWLING (Striker). Took over from Worthington as Bolton's Record signing when he cost £120,000 from Newcastle United just before last season's deadline. Alan started his career with Manchester United and then moved to Huddersfield when Bolton boss Ian Greaves was Manager there. Went to Newcastle four years ago for a fee of around £70,000.

BOLTON

WANDERERS

IAN GREAVES (Manager)

OUR VISITOR'S

by TONY PULLEIN

Bolton broke what Manager Ian Greaves considered a psychological barrier when they won their first away game of the season at Queens Park Rangers in the first week in December. Before that, the Wanderers had lost eight games in a row and had not gained a point since drawing their first away match at Southampton.

Consequently the club was faced with the possibility of making a rapid return to the Second Division. The situation had become quite serious for, after all the problems they had in regaining their First Division status this year, Bolton are desperate to keep clear of the bottom three places.

Ian Greaves recently went into the transfer market to sign Tottenham's mid field dynamo Neil McNab for a club record £250,000 and he has certainly added much zest to the middle of the field. McNab has slotted in well with the stylish Peter Reid and the experienced Roy Greaves in this department.

Willie Morgan has been revelling in his return to First Division Football and has been in scintillating form on the wing and with Alan Gowling and Frank Worthington scoring so consistently up front, the position looks a little bleak for the unfortunate Neil Whatmore.

Injuries and suspensions have caused Manager Ian Greaves many problems in defence. Paul Jones, Peter Nicholson and Tony Dunne have all missed games through injury and Sam Allardyce was out on suspension.

Allardyce and Jones opened the season as the central defenders but Allardyce lost his place while suspended and Mike Walsh and Jones took over. Walsh began the season at left back but Tony Dunne returned for a while until David Burke got his chance to make his league debut in this position. Peter Nicholson is normally the right back.

Jim McDonagh has once again been in exhilarating form in goal.

Bolton return to Division One this season after an absence of 14 years. They suffered many heartaches during those years in exile. They spent two seasons in the Third Division—the only time this famous club has fallen to that level—and then in 1976 and 1977 they were robbed of promotion back to Division One by a solitary point each time.

They finally made it last season when they pipped Southampton to the Second Division Championship on the final day.

Mr. Greaves has been promised more cash for team building if he feels it necessary, and if the club suffers another losing run he may well go in for a big money signing.

SOCCER GREATS

by ALAN YEATS

George Camsell

OF all the great centre-forwards who have graced the parks of the British Football Leagues, George Camsell was the toughest. His game was one of aggression and ruthlessness and mirrored the feelings of the fans, many of whom filled the dole queues in the depressive years of the twenties and thirties. Whenever George Camsell gained possession of the ball and stormed forward through an opposing defence, he wasn't just attacking another team, or sending blistering shots into enemy nets, he was striking a blow against the establishment for the unemployed and demoralised people of the North-East. His defiance and spirited attacks made him the pride of Ayresome.

Camsell was an out of work eighteen year old miner who was spotted in a kick-about in his Durham mining village, and given a chance to play serious football by Durham City who were then in the third division.

Middlesbrough who were members of the second division brought George to Ayresome Park in 1925 and immediately proved his worth as a centre-forward. He was neither graceful nor delicate, instead he would charge down the middle of the field and woe betide any centre-half who tried to stop him! His beligerent charges through the opposing ranks usually ended with a goal and he was Boro's top scorer for nine successive seasons. He was short and stocky, when in motion, his elbows would work like pistons. He was deceptively fast and his control was such that once in possession and in full flight he was one of the most difficult players to shake off the ball. His positional sense was acute, his shot was blistering and true.

George Camsell scored 59 league goals for Middlesbrough in the 1925/26 season. Only "Dixie" Dean of Everton (who was one of Camsell's contemporaries bettered that record. Dean scored 60 goals for first division Everton in the 1926/27 season.

It was unfortunate that Dixie Dean and George Camsell were of the same era, otherwise Camsell would have gained more than the nine international caps which came his way.

Camsell's scoring feats lifted Middlesbrough into the first division in 1929—his England caps coming after that date. There was nothing George liked better than the long high pass, so adept was he at bringing it down either with his head or chest.

The transfer market was not for Camsell—here was a star who preferred to stay with his beloved Boro.

When he eventually hung up his boots, he stayed at Ayresome Park, first as coach, then as chief scout and finally as assistant secretary.

Never was a club blessed with such a loyal player and official,—he retired on a pension from his grateful club after 38 years service in 1963—this famous leader

they bought for a mere £800. What would George Camsell at his peak be worth today—£600,000?

George was only 63 when he died in March 1966, fittingly within 100 yards of Ayresome Park, where the roar of the worshipping fans so often had acclaimed their hero.
